

SPLASH AQUATICS

Private Swim Lessons

Individual or group private lessons are available. If you are interested, fill out the form below and return to a lifeguard at the pool. Lessons can be any day or time, depending on your schedule, the chosen instructor's availability, and pool space availability. Lesson instruction will be geared to meet the needs of each individual child. Please write your child's goals to meet or challenges to face in the notes section below. We also offer adult lessons for those looking to build confidence, learn water safety, develop skills or train for a competition. Lesson can be scheduled at various times during the weekday or weekend, depending on your availability and the instructor's schedule. We discourage lessons between noon and 3:30 p.m. at our site due to the fact that the pool is busiest at that time. We require 24-hour notice for cancellations. **Payment is due at time of scheduling. All lessons must be prepaid.** Refunds are awarded only if ample cancellation notice is given or in cases of extreme weather conditions resulting in pool closure. Private lesson siblings and parents may choose to pay the daily Peppertree Pool guest fee of \$7 per person to stay and swim after the lesson. For in-home lessons, please provide pool entrance instructions for the instructor below.
